- Easy release liner
- 2" wide x 82' long

armacell®

Technical Data: Armaflex® Black LapSeal™ Tape

Description:
Black, self-adhering tape

Specifications	
Color:	Matte Black
Width:	2"
Length:	82' per roll (25m)
Container:	Sold 12 rolls per carton

Application Notes

Not intended to replace Armaflex 520 adhesive on the butt seams or longitudinal seams.
Butt joints should be securely glued first, and then taped as needed.
Tape is for secondary seam security for butt seams only. Do not use on longitudinal seams.
Pre-cut strips to size to allow a 2" overlap on the circumference.
Do not over tighten. Taped seam should not compress the foam insulation.
