Armacell in Spencer, WV Earns SHARP Safety Award

Mebane, NC – Armacell LLC, the maker of Armaflex® foam insulation, is pleased to announce that its Spencer, West Virginia manufacturing facility has been recognized for achieving the prestigious Safety and Health Achievement Recognition Program (SHARP) certification from the Occupational Health and Safety Administration (OSHA). SHARP status requires the Lost Workday Incidence Rate (LWDI) and Injury Incidence Rate (IIR) to be below the national average.

With the completion of the Spencer facility, Armacell LLC is now SHARP certified at all of its North American locations: Mebane, NC (both manufacturing plant and corporate offices); Conover, NC; Dallas, GA; South Holland, IL and now Spencer, WV.

About Armacell LLC

Armacell is a global innovator in foam technologies and the world leader in the market for flexible mechanical insulation materials. Armacell produces Armaflex®, the most trusted brand in flexible, fiber-free mechanical insulation, as well as thermoplastic insulation materials, noise control products and specialty foams for a multitude of industrial and athletic applications. The North American headquarters for Armacell LLC is located in Mebane, NC. Armacell LLC has five US manufacturing facilities located in Mebane, NC; Conover, NC; Dallas, GA; South Holland, IL and Spencer, WV. Armacell also operates a manufacturing plant in Pindamonhangaba, Brazil. For more information on Armacell and its products, please visit the website at **www.armacell.us**
